Chaido Konstantina (Haidi) Martinidou

Thessaloniki, Greece | haidimartinidou@gmail.com | Tel: +30 694 241 9907 | linkedin.com/in/haidi-martinidou-9b2702173 | haidimartinidou.github.io

EDUCATION

University of Oslo, Faculty of Medicine (Neural Systems Laboratory, EBRAINS) — ***Oslo, Norway (online)***
PhD-level course IMB9345: Neuroscience Data Integration through Use of Digital Brain Atlases (2 ECTS, passed) — *Sep 2026*

King's College London — ***London, UK***
MSc Psychology and Neuroscience of Mental Health, **Classification: Merit** — *Sep 2021 - Oct 2023*
Thesis: The Connection Between Processing Fairness and Reward-Risk Prediction in the Human Brain (supervisor: Dr Gisele Dias)

University of Glasgow — ***Glasgow, UK***
BSc (Hons) Neuroscience, *(direct entry to Year 2)*, **Classification: Upper Second Class Honours (2:1)** — *Sep 2018 - Jun 2021*
Thesis: The Association Between Mediterranean Diet and Depression Risk, UK Biobank (supervisor: Dr Donald Lyall)

EXPERIENCE

University of Glasgow, School of Medicine, Dentistry and Nursing | College of Medical, Veterinary and Life Sciences — ***Glasgow, UK and remote***
Affiliate Researcher and Research Intern (supervisor: Dr Ourania Varsou) — *Jul 2026 - present*

- Co-lead, with Dr Varsou (joint first authors), a mixed-methods evaluation of the University of Glasgow and Arab American University Palestine (AAUP) medical exchange for students studying in conflict-affected settings (n = 20 survey respondents).
- Built and maintained the master dataset (data entry and verification, consent records, codebook, missing-data log) and ran the quantitative analysis in Excel: descriptive statistics, composite scores and modified Borda scoring; re-ran all analyses after a participant exclusion.
- Built the first thematic analysis (Braun and Clarke), with a coding framework, categories, themes, audit trail and coding matrices, and continuously revised it. Integrated the final framework, refined with Dr Varsou, to develop a transferable framework for designing international medical exchange programmes.
- Drafted the literature review, Methods, Results and Discussion; preparing the full manuscript. Drafted the conference abstract, submitted to the 20th Annual University of Glasgow Learning & Teaching Conference (April 2027).

IQVIA, Global Perspectives — ***Athens, Greece***
Patient Supporter (Fieldwork) *- Recognised internally as "Excel and AI Champion"* — *Nov 2024 - Feb 2026*

- Ran end-to-end participant recruitment for pharma-sponsored, non-interventional studies across 20+ therapeutic areas: eligibility screening, e-consent, diagnosis verification, scheduling and participant payments.
- Held 500+ conversations with patients and caregivers across 10+ projects, acting as recruitment lead on several; nominated to train as a patient-experience interviewer..
- Built recruitment routes for rare and underdiagnosed conditions with no ready participant pool, through outreach to patient organisations, advocates and online communities in the US and UK (e.g., a VEXAS syndrome study).
- Handled sensitive health data under GDPR and industry codes (BHBIA, EPHMRA): PII redaction, adverse-event reporting, study tracking (Excel, project-management systems).

MindHug — ***London, UK***
Merchandise Coordinator and Neuroscience Advisor – Remote — *Aug 2024 - Nov 2024*

- Coordinated merchandise for a startup running mental-health workshops at UK universities.
- Reviewed workshop slides and teaching materials with the lead psychologist, correcting claims for neuroscientific accuracy.

Caffeine Roastery SuperFoods — ***Thessaloniki, Greece***
HR Coordinator — *May 2022 - April 2023*

- Led recruitment and onboarding for a team of 10 at launch, adding questions to the company's interview script to assess candidates.
- Handled all staff matters through an extended pre-opening period, then worked front-of-house shifts (cashier, food preparation) and used that experience to shape later HR tasks.

University of Glasgow, Kelvinhaugh Residences — ***Glasgow, UK***
Living Support Assistant — *Aug 2019 - Jun 2020*

- Provided overnight on-call cover (18:00-07:00) for student residents, responding to welfare emergencies (students at risk of suicide, disclosures of sexual violence and intoxication-related incidents), keeping residents safe.
- Carried out wellbeing check-ins, mediated flat conflicts, tracked arrivals/departures, organised social events for residents (eg., *Friends*-themed quiz).
- Trained and certified by the University in Mental Health First Aid, First Aid, Fire and Life Safety, and mediation; role ended due to COVID-19.

RESEARCH AND EXTRA-CURRICULAR EXPERIENCE

Publications (in preparation):

- Varsou O., Martinidou H., Zaben M., Walters M., et al. Evaluation of the University of Glasgow–AAUP medical exchange programme: a transferable framework (working title).
- **Martinidou H.**, Lyall D. *Mediterranean diet adherence and depression risk in the UK Biobank*. Preprint planned.
- Martinidou H., et al. Living with artificial neural networks: experience-dependent structural plasticity of the human brain in the age of AI (working title). To be submitted to Current Issues in Molecular Biology (MDPI), special issue "Neural Networks in Molecular and Cellular Neurobiology".

- Chatzisavvidou A., et al. Molecular mechanisms underlying human neocortical evolution (working title). To be submitted to Current Issues in Molecular Biology (MDPI).

Science Communication & Digital Projects:

- **GenAI Unpacked** (YouTube, Dr O. Varsou): wrote the episode "Why GenAI Models Make Things Up" on AI hallucinations; 1,600+ views | 2025
- **ParallaxiMag**: contributing writer on neuroscience, AI, social commentary and modern history | 2023–26
- Academic site and blog, Odd Things (haidimartinidou.github.io): essays on neuroscience and behaviour, e.g. a neuro-computational account of procrastination | 2025–26
- Web apps: ForFun, an application tracker with a freemium search feature; Zanzibar, which turns a described "vibe" into a playlist via the Spotify API and an LLM | 2026

Personal development / Conferences:

- **Greeks in AI Conference**, Athens, Greece, Jul 2026 | **NeuroMonster Conference**, Rome, Italy, Jun 2026 | **NovelBrain** (Greece): review of recent rTMS literature for the clinical team, then observed the clinic's rTMS protocol, Jul 2024 | **Neuroscience conferences**, Royal College of Physicians and Surgeons of Glasgow (certificates of participation available), 2018, 2019

SKILLS & INTERESTS

Research and data: IBM SPSS, R (basic), Python (basic), Excel (advanced), questionnaire data management and codebooks, descriptive statistics, thematic analysis, systematic literature screening and narrative synthesis, digital brain atlas tools (QuickNII, MeshView)
Software: DocuSign, SoftOne, Microsoft Office, GitHub Pages, macOS and Windows
Training and certificates: ICH Good Clinical Practice (GCP), HIPAA privacy, adverse-event reporting (IQVIA, 2024–2026); Mental Health First Aid, First Aid, Fire and Life Safety (University of Glasgow, 2019)
Music: choir, Filippos Glee, Athens (2025-2026); jazz singing lessons; lead singer with local bands (incl. a fundraising concert) 2016-2019; Megaro Mousikis Thessalonikis choir (2011-2014); violin (Conservatory of Northern Greece, 2008-2014, lead violin 2012, awards of excellence)
Visual arts and theatre: film and digital photography, acrylic and watercolour painting, iPad drawing (portfolio: haidimartinidou.github.io/haidiartin, @chadeaux_); theatre training, Andreas Voutsinas drama school, and American College (Anatolia) Drama Club (Broadway shows) (2007-2014)
